

Community Transmission (average daily new cases per 100,000 people)

Vaccination Rate (percent of participants at event)	Community Transmission (average daily new cases per 100,000 people)			
	0 – 10	11 – 50	51 – 99	≥100
100%				
80 – 99%				
51 – 79%				
≤50%				

LOW RISK

- Local regulations for event size
- No pre-event testing required
- Masking not required indoors or outdoors
- Spectators allowed

MODERATE RISK

- Local regulations for event size
- When traveling from or to an area of moderate (yellow) risk unvaccinated participants must show a negative test before leaving their home location to attend an indoors or overnight event
- Masks required indoors
- Spectators must be separated from participants. Unvaccinated spectators may not enter participant areas

SIGNIFICANT RISK

- Local Regulations for outdoor events
- Indoors or mixed indoors/outdoors events must have 100 or fewer participants
- Pre-event testing is not required since travel from local area is not permitted and there are additional size restrictions on indoor events
- Travel outside of local area (to an event in another area) not permitted
- Overnight events with accommodations provided by SO not permitted
- Masks required for all participants at both indoor and outdoor events
- All spectators must be separated from athletes and may not enter participant areas

VERY HIGH RISK

- Virtual activities only for groups of >10 participants.
- Groups ≤10 can gather with additional SO precautions (see orange guidance)

***KEY DEFINITIONS:**

- **Fully Vaccinated:** Two (2) weeks after receiving all recommended doses, that a participant is eligible for, of a COVID-19 vaccine(s) that has been listed for emergency use by the World Health Organization (WHO).
- **Participants:** Athletes, Unified partners, Coaches, Officials, Volunteers, HODs, SO Staff, others in attendance of an activity, and families/caregivers if they will not exclusively be in spectator only spaces.
- **Community:** Generally, the community is the county/district. If data is not available for the county/district, then use the smallest community (e.g., state) for which the data is available.
- **Rolling 7-day average/100,000:** a 7-day moving average, takes the case rates per 100,000 people for the last 7 days, adds them up, and divides it by 7.
- **Local Program:** A Special Olympics Maine Delegation/Team (a Delegation or Team consists of a minimum of one athlete or more).
- **Event:** An event is defined as, but not limited to, training/practice, competition, or any gathering (coordinated by, hosted by, properly registered SOME volunteers) with SOME participants.
