

BOCCE Qualifying Score Instructions

We are asking for qualifying scores to better division teams in both traditional and Unified Bocce. Instructions on how to get scores is listed below, along with a worksheet for each Athlete/Unified Partner. The combined score of each athlete/partner, per team, will be the score used to division these events. Please indicate the qualifying score in the Bocce Registration.

How to get your Bocce team's qualifying score: *Each athlete should play three modified games, called a set. The athlete should alternate from each end of the court and play the following allotted balls. The athlete should not surpass the foul line when he/she plays the allotted balls:*

- The referee should place the pallina at the 30-foot line, and the player should play eight balls. The referee will measure the closest three balls and record their distance in meters and centimeters.
- The referee will then place the pallina at the 40-foot line, and the player should play eight balls. The referee will measure the closest three balls and record their distance in meters and centimeters.
- The referee will then place the pallina at the 50-foot line, and the player should play eight balls. The referee will measure the closest three balls and record their distance in meters and centimeters.
- During the divisioning process, if the pallina is moved from its spot at 30ft, 40ft or 50ft, it is to be replaced on the spot before the next ball is rolled and before any measurements are taken.
- Measurements will be taken from the center side of the bocce ball to the center side of the pallina, for a total of nine measurements.
