## SCORING PROCEDURES

- A game (or string) must consist of 10 frames (boxes) – 3 balls shall be rolled (unless a player scores a strike or spare)
- When 3 balls are rolled, the player receives credit for the TOTAL number of pins knocked down in the 1 frame
- A **strike** occurs when 10 pins get knocked down with the 1<sup>st</sup> ball rolled (to “score” the strike – the player receives a “10”, plus the additional pins downed by the next 2 balls)
- A **spare** occurs when 10 pins get knocked down with the first 2 balls (to “score” the spare – the player receives “10”, plus the additional pins downed by the next ball)

## NO AUTOMATIC SCORING SYSTEM?

### How to Score

A game consists of 10 boxes, in which not more than 3 balls are allowed for each box.

If all pins are felled by first ball it is a strike and is marked with a double line.

If all pins are felled by first 2 balls it is a spare and marked with a single line.

If all pins are felled by 3 balls it is a ten box and marked by an X.

A strike permits you to score ten plus a bonus of the pins felled by the 1st and 2nd balls of your next box.

A spare permits you to score ten plus a bonus of the pins felled by the 1st ball of your next box.
